

OWEN NGUNJIRI

SOFTWARE ENGINEER

PERSONAL PROFILE

Experienced Frontend Developer proficient in crafting responsive web UI designs, integrating them into functional frontends, and developing custom components to elevate user experiences. With a strong background in UI/UX design and implementation, I adeptly navigate both web2 and web3 technologies, seamlessly integrating them for innovative digital solutions. I've demonstrated success in collaborating with cross-functional teams, contributing to bug fixes, and implementing code improvements. Committed to achieving project objectives and fostering effective teamwork.

SKILLS AND EXPERTISE

- **LANGUAGES:** JavaScript, TypeScript, solidity.
- **FRONTEND:** VueJS, ReactJS, MaterialUI, Styled-Components, NextJS, Tailwind, web3.JS .
- **BACKEND:** Nodejs, graphql.

EDUCATIONAL HISTORY

- **freeCodeCamp :Software Engineering Javascript Algorithms & Data Structures.**
(March 2021 - April 2021)
- **Sunshine Secondary School**
(Jan 2014 - Dec 2017)
- **Jomo Kenyatta University of Agriculture and Technology**
(Business & Information Technology)

WORK EXPERIENCE

- **FrontEnd Developer**
Ngeni Labs - ngeni.io
February 2022 - Present
 - Played a pivotal role in a Web3 company, developing ReactJS & NextJS frontends that embraced decentralized technologies.
 - Maintained and optimized reusable UI components, enhancing efficiency and consistency across projects.
 - Conducted thorough debugging to identify and rectify issues, ensuring a seamless and error-free user experience.
 - Contributed to usability testing efforts, gathering valuable insights and feedback to refine and improve applications.
 - Collaborated with backend developers for seamless integration.
- **Mentor & Frontend developer**
Code3camp
September 2023 – December 2024
 - Guided students through a comprehensive journey from Web2 to Web3 technologies, empowering them to become proficient full-stack developers. Leveraged ReactJS & NextJS for frontend development, integrating decentralized technologies to foster a deep understanding of emerging paradigms.

- **Frontend Developer**

Agio Digital Ltd- Bahamas

Sept 2023 – June 2024

Contract

- I have built seamless UI/UX experiences using Vue and TypeScript, creating intuitive and high-performance interfaces with modular components. Additionally, I integrated APIs using GraphQL to streamline data fetching processes, while leveraging TypeScript to ensure strong typing, improving code quality and maintainability. I have also collaborated with teams from different parts of the globe, enhancing teamwork and delivering projects efficiently.

LEADERSHIP SKILLS

- Mentored individuals transitioning from Web2 to Web3 technologies, fostering their growth into proficient developers through guidance and hands-on experience. Spearheaded the development of ReactJS & NextJS frontends, seamlessly integrating decentralized technologies. Generated revenue for the company by successfully completing projects and attracting students to join the Code3camp bootcamp, thereby contributing to its growth and success.
