OWEN NGUNJIRI

SOFTWARE ENGINEER

PERSONAL PROFILE

Experienced Frontend Developer proficient in crafting responsive web UI designs, integrating them into functional frontends, and developing custom components to elevate user experiences. With a strong background in UI/UX design and implementation, I adeptly navigate both web2 and web3 technologies, seamlessly integrating them for innovative digital solutions. I've demonstrated success in collaborating with cross-functional teams, contributing to bug fixes, and implementing code improvements. Committed to achieving project objectives and fostering effective teamwork.

SKILLS AND EXPERTISE

- **LANGUAGES**:JavaScript, TypeScript, Vue,solidity.
- **FRONTEND**: ReactJS, MaterialUI, Styled-Components, NextJs, Tailwind,web3.JS.
- **BACKEND**: Nodejs, graphql.

EDUCATIONAL HISTORY

- **freeCodeCamp :Software Engineering Javascript Algorithms & Data Structures.**
  (March 2021 - April 2021)
- **Sunshine Secondary School**
  (Jan 2014 - Dec 2017)
- **Jomo Kenyatta University of Agriculture and Technology**
  (Business & Information Technology)

WORK EXPERIENCE

- **FrontEnd Developer**
  Ngeni Labs - ngeni.io
  February 2022 - Present
- Played a pivotal role in a Web3 company, developing ReactJS & NextJS frontends that embraced decentralized technologies.
- Maintained and optimized reusable UI components, enhancing efficiency and consistency across projects.
- Conducted thorough debugging to identify and rectify issues, ensuring a seamless and error-free user experience.
- Contributed to usability testing efforts, gathering valuable insights and feedback to refine and improve applications.
- Collaborated with backend developers for seamless integration.

- **Code3Camp Mentor**
  Code3camp – code3camp.dev
  September 2023 – Present

- Guided students through a comprehensive journey from Web2 to Web3 technologies, empowering them to become proficient full-stack developers. Leveraged ReactJS & NextJS for frontend development, integrating decentralized technologies to foster a deep understanding of emerging paradigms.

LEADERSHIP SKILLS

- Mentored individuals transitioning from Web2 to Web3 technologies, fostering their growth into proficient developers through guidance and hands-on experience. Spearheaded the development of ReactJS & NextJS frontends, seamlessly integrating decentralized technologies.
- Generated revenue for the company by successfully completing projects and attracting students to join the Code3camp bootcamp, thereby contributing to its growth and success.
